## FOR112 FIELD BLANKET MULTICAM WITH POUCH

### PRODUCT DESCRIPTION:

Providing a perfect balance between performance and lite weight, the FOR112 retains the FOR78's enhanced UV and water repellant coatings making it our most robust two-layer ThermaShield Field Blanket. With camouflage on one side and our coyote colored DesertCloth® on the other, you have concealment options as well as an easy transition between environments. Attach it to your vehicle using our patented SmartClips, make a hide, or keep warm by the fire making S'mores. The choice is yours. **\*Note:** [The FOR97 is the same Field Blanket but is coyote colored on both sides.](#)
